The Pro Cart Ultra®

Holds GN Food Pans

115V Models: PCU800HH, PCU800HC, PCU800CC, PCU1000HH, PCU1000HC, PCU1000CC, PCU1600HH, PCU1600HC, PCU1600CC, PCU2000HH, PCU2000HC, PCU2000CC

Alternate Voltage Models: Add your country code to product code when ordering — US/Canada/Mexico (3), Europe (4), UK (5), Australia (6), South Africa (7), Japan (8), China (9).

Features & Benefits

- Unique and versatile, heavy duty holding and transport carts are designed to electrically and/or passively hold hot food and/or cold food simultaneously in one cart.
- Tough, durable polyethylene exterior stays cool to the touch and will never dent, crack, chip or rust.
- Thick CFC-free polyurethane insulation throughout the cart ensures food is held at safe temperatures up to 4 hours when unplugged.
- Active hot or cold modules are also sold separately and can be quickly changed out to adapt to menu changes or operational needs.
- Heavy-duty, gasket-free, self venting doors open 270 (degrees) to the side, flush to the cart. Doors have a magnetic quick close feature and two each durable nylon latches. Door and body come with heavy-duty, high-gauge reinforced hinge hardware.
- Molded-in rails hold GN food pans with front load configuration (PCU800, PCU1000) and side load configuration (PCU1600, PCU2000).
- Two ergonomic vertical molded-in rear handles run the entire height of the cart.
- PCU800 and PCU1000 come standard with all nylon, maintenance-free casters 15 x 3,8 cm 2 front swivel with brake, 2 rigid in back.
- PCU1600 and PCU2000 come standard with heavy duty, hi-density rubber casters, 15,2 x 5 cm 2 front swivel with brake, 2 rigid in back. Lock pin on front casters can be used to convert swivel to rigid.
- Heating module features a touchscreen control with adjustable temperature setting from 60°C – 85°C.
- Cooling module features simple input control with an adjustable setting from 0,28°C – 4,5°C.
- Both heating and cooling modules feature actual temperature reading, temperature set-point and can easily be switched from °F to °C.

Architect Specs

The holding and transport carts shall be the Pro Cart Ultra Pan Carriers, all models starting with PCU, manufactured by Cambro Mfg. Co., Huntington Beach, CA 92647 USA. They shall be made of double wall, high-density, polyethylene and foam-injected CFC-free polyurethane. They shall have molded in rails for end loading GN food pans (PCU1000, PCU800) and side loading GN food pans (PCU1600, PCU2000). They shall be offered with electric hot or electric cold modules. Electric hot compartments shall have an energy efficient 450W (115V units) / 500W (230V units) heating module with touchscreen controls and adjustable temperature range of 60 – 85°C. The heating module shall heat the compartment from ambient temperature to 73,9°C in 15 minutes. Electric cooling compartments shall have a solid state thermoelectric 414W (115V units)

cooling module with an adjustable temperature range from 0,28 – 4,5°C. Each hot or cold module shall have a 2,7 m, single phase power cord with cord storage in the body of the cart. Each door shall have 2 each nylon paddle-style latches, and each compartment shall have heavy-duty stainless steel hinge hardware. Each PCU1000 and PCU800 shall have 4 each 15,2 x 3,81 cm nylon, maintenance-free casters, 2 swivel total locking and 2 rigid. Each PCU1600 and PCU2000 shall have 4 each 15,2 x 5 cm hi-modulus, rubber casters, 2 each swivel with brake and 2 rigid. All carts shall be available in one color – Charcoal Gray (615).

Features & Benefits

- **Pro Cart Ultra® – Stainless Steel:** Your Ultimate Solution for Simultaneously Holding Hot and Cold Food!
- **Dual-Temperature Excellence:** Seamlessly maintain hot and cold food within a single cart – a game-changer in food service. No more compromise on food quality!
- **Built to Endure:** Crafted from rugged stainless steel, our carts stay cool to the touch while standing strong against dents, cracks and chips. They're designed to stand the test of time.
- **Uncompromised Food Safety:** Thanks to high efficiency insulation, our carts ensure your food remains safe and delicious, maintaining energy efficiency throughout use.
- **Adaptability Redefined:** Swap between active hot and cold module units effortlessly. Respond swiftly to menu changes and operational demands, enhancing your flexibility.
- **Seamless Access and Closure:** Our heavy-duty doors open 270 degrees to lie flush against the cart. Magnetic quick-close feature and durable nylon metal make access a breeze.
- **Intuitive Temperature Monitoring:** Stay in control with the digital front thermometer, giving you a quick glance into the internal compartment temperature.
- **Perfect Pan Fit:** Designed to securely hold GN food pans in both front and side load configurations, ensuring your food stays in place during transport.
- **Effortless Maneuvering:** Ergonomic vertical handles and top rail make transportation comfortable and hassle-free.
- **Smooth Mobility:** 4 maintenance-free nylon casters: 2 dual locking and 2 single locking for total control.
- **Precision Heating:** Control your desired food temperature effortlessly using the heating module's touchscreen interface. Set the range from 21°C to 85°C for perfect warmth.
- **Chilled to Perfection:** Our cooling module boasts intuitive input controls, letting you adjust the temperature from 0,28°C to 5°C with ease.

Architect Specs

The construction of these Pro Cart Ultra Stainless Steel Pan Carriers incorporates a double-wall, type 304 stainless steel construction, coupled with internal insulation. The interior shall incorporate formed rails designed to securely accommodate GN food pans during transportation and storage. The product offers two essential configurations: electric heating and electric cooling modules. The electric heating compartments shall be outfit with an energy efficient heating module operating at 507W (110V) / 510W (230V), featuring touchscreen controls and an adjustable temperature range spanning from 21-85°C. The heating module shall be capable of elevating internal temperatures to a minimum of 73,9°C within a maximum of 15 minutes. The electric cooling compartments shall integrate a solid-state thermoelectric cooling module operating at 326,6W (110V/230V), while maintaining internal temperatures within the defined range of 0,28°C - 21°C.

The cart shall include four 125 mm grey non-marking rubber swivel casters: 2 with single brake casters and 2 with dual brake casters, along with ergonomic elements such as a top grab rail, rear vertical push/pull handles, and a safeguarding PVC bumper at the base. The doors of the cart shall have stainless steel paddle-style latches and heavy-duty stainless steel hinge hardware. Digital thermometers for each compartment shall be integrated into the top front of the cart, allowing for accurate temperature monitoring. A clearly visible main power button shall be positioned at the upper front of the cabinet. The power supply requirement is specified at 230V, 50/60Hz, utilizing a spiral cable with a CE plug.

ANTIMICROBIAL SHELF PLATES

8 New Products

Not Available in Europe

ZERO loss of weight-bearing in corners up to 152,5 cm in length

- XTRA-ORDINARY, high-performing Corner Connectors.
- Increases open, accessible storage space.

Rust and Corrosion Free

Backed by a lifetime warranty against rust and corrosion. All Camshelving is impervious to harsh chemicals and salt water.

All Environments

Camshelving is designed to withstand all extreme storage applications and temperatures.

- Coolers
- Freezers
- Dry Storage
- Utility

Easy to Clean

Camshelving easily wipes clean or shelf plates can go through the dishwasher. Camguard® antimicrobial shelf plates inhibit the growth of harmful bacteria and microbes.

Easy to Assemble & Adjust

Units ship with preassembled frames to speed up installation. Each shelf can be easily and independently adjusted.

Camshelving® PREMIUM series

STATIONARY | MOBILE | HIGH-DENSITY

Why Choose Premium?

- Easy to clean and adjust.
- Quick and easy to assemble.
- Ideal for coolers, freezers and warewashing areas.
- Strong enough to support the toughest loads.
- Impervious to harsh chemicals and salt water.
- Each Single Unit holds 910 kg.

COMPONENTS

Camshelving® BASICS PLUS series

STATIONARY

Why Choose Basics Plus?

- Easy to clean and adjust.
- Superior alternative to wire or aluminum shelving.
- Made from strong composite and plastic materials.
- Impervious to harsh chemicals and salt water.
- Each Single Unit holds 800 kg (TUV).

COMPONENTS

Camshelving® Wine Rack

Kits & Full Wine Rack Units

COMPONENTS
(WINE CRADLES &
CONNECTORS NOT
INCLUDED)

- Unit holds up to 144 bottles.
- Add kits to customize existing shelving.
- Holds standard size wine bottles.
- Available in 36 and 46 cm depth.

Features & Benefits

- Quick to assemble, stationary wine racks with modular, stackable wine cradles.
- Ideal for wine storage in any environment, including wine cellars or environmentally controlled rooms or wine/beverage coolers. Will never rust, corrode, dent or peel.
- Safely store up to 144 (12 cases) each standard size wine bottles per full rack.
- Each bottle nests securely into a single cradle space with room for air flow. Smooth, rounded plastic sides/corners ensure that wine labels remain intact.
- Opening between stacked cradles is 9,05 cm.
- Opening between single stack of cradles on 2 traverses and the next shelf/traverse is approximately 13,3 cm.
- Opening between double stack cradles and next shelf traverse is approximately 11,4 cm.
- Opening between triple stack cradles and next shelf traverse is approximately 8,9 cm.
- Each rack includes 2 factory assembled post kit frames, 8 shelf traverses (with 4 bags of dovetails for an Elements XTRA rack), 48 wine cradles and 32 bags of wine cradle connectors, 4 per bag.
- Each shelf/tier of storage has 12 cradles stacked 3 high with cradle connectors.
- Each shelf/tier of storage holds up to 36 bottles of wine or 3 cases.
- Cradles and connectors are made of highly durable, smooth ABS plastic.
- Basics Plus Series posts and traverses are made of extremely strong composite and plastic materials. Shelf traverse dovetails must be installed on posts.
- Uniquely engineered Post Connectors offer exceptional cross stabilization and stability. Weight bearing is uncompromised.
- All components easily wipe clean or can be run through a commercial dishwasher.
- Racks require minimal assembly. Use a rubber mallet only to install traverses.
- Lifetime warranty against rust and corrosion (posts, traverses, cradles, and connectors).
- Available in 1 Color: Brushed Graphite (580).

Full Size Trolley

Holds 18 each GN 1/1 Food Pans, 6,5 cm Deep

Half Size Trolley

Holds 9 each GN 1/1 Food Pans, 6,5 cm Deep

Features & Benefits

- Multi-purpose, end load trolley for holding, storing and transporting bulk food in GN food pans. Compact, slim design maximizes working space and storage space.
- Made from an extremely strong, revolutionary composite material with a smooth, easy to clean surface.
- Lifetime warranty against rust and corrosion.
- No metal parts, welds, screws, cross bars or metal casters than can break, bend, dent, rust or corrode.
- Moves easily between kitchen, freezer, cooler and/or off premise.
- Rails accept/hold hot pans from ovens up to 200°C.
- No marking or metal wipe from metal pans.
- Wide 7,6 cm rail spacing offers greatest versatility and ease of use.
- Top frame features molded in supports to hold a single GN 1/1 Food Pan to cover and protect contents below. Convert the half size unit into a light duty workstation by placing a GN 1/1 cutting board on the top frame.
- Molded in lip load rails (food pan flange hangs from rails) for food pans.
- Molded in 3 mm pan stops on each rail end help keep pans on the rails when turning or transporting.
- Food pan holding capacity:

	6,5 cm	10 cm	15 cm	20 cm

Ultimate 6040 Bakery Trolley

Full Size Trolley

Holds 18 each 60 x 40 Pans

Half Size Trolley

Holds 9 each 60 x 40 Pans

Features & Benefits

- Multi-purpose, end load trolley for holding, storing and transporting bulk food in 60 x 40 Sheet Pans or Food Pans. Compact, slim design maximizes working space and storage space.
- Made from an extremely strong, revolutionary composite material with a smooth, easy to clean surface.
- Lifetime warranty against rust and corrosion.
- No metal parts, welds, screws, cross bars or metal casters than can break, bend, dent, rust or corrode.
- Moves easily between kitchen, freezer, cooler and/or off premise.
- Rails accept/hold hot pans from 200°C oven.
- No marking or metal wipe from metal pans.
- Wide 7,7 cm rail spacing offers greatest versatility and ease of use.
- Top frame features molded in supports to hold a single 60 x 40 Pan to cover and protect contents below.
- Molded-in 3 mm pan stops on each rail end help keep pans on rails during light transport.
- 60 x 40 Pan Holding Capacity:
Full Size: 18 each
Half Size: 9 each
- Weight bearing per rail set is 18 kg.
Full Size unit weight bearing is 340 kg.
Half Size unit weight bearing is 170 kg.
- Four each heavy duty, 12,7 cm premium plastic swivel casters all with total locking brake. Locks swivel and wheel. Non-marking thermoplastic rubber wheel. Rust and corrosion free.
- Easy to clean. Wipe down or pressure wash.
- Ships knockdown with casters and bottom frame wedges factory installed. Minimal assembly required.
- Components are easy to remove and replace if damaged, ensuring a lifetime of service.
- Optional accessories include Full Size Vinyl Cover and Pan Stops.
- Available in 1 color only – Speckled Gray (480).
- Patent pending.

Architect Specs

The dish storage and transport cart shall be a Compact Adjustable Dish Caddy R-Series, Model ADCRC, ADCRC8PKG, ADCRC12PKG, manufactured by Cambro Mfg. Co., It shall be made of a single molded body of rotomold polyethylene. It shall have 4, 8, or 12 top adjusting towers. It shall have a dish stacking height of 52 cm per tower and can store up to 60 dishes, round only, based on dish type/style. It shall hold 11,7 - 33 cm diameter dishes. Manufactured by Cambro Mfg. Co., Huntington Beach, CA, 92648. Each tower includes an internal zinc plated 1,3 x 59 cm threaded metal rod for stability.

It shall have 4 each 12,7 cm plated casters, 2 swivel with brake, and 2 rigid, with non-marking, highly-durable 3 cm polyurethane tread. It shall have 2 each molded-in top handles on 2 sides. It shall have a load capacity of up to 227 kg. It shall include one vinyl cover. It shall be available in 3 colors, Black (110), Slate Blue (401), and Dark Brown (131).

Compact Adjustable Dish Caddy S-Series

ADCSC, ADCSC8PKG, ADCSC12PKG

- Space saving design holds dishes of various sizes without compromising capacity.
- Lightweight, easy to maneuver and access from all four sides.
- Conveniently adjust and lock CamLever towers from the top.
- Single molded body made of heavy-duty, durable polyethylene won't rust, crack, dent or chip.

Safely store and transport plates from 11,7 to 30,5 cm.

Vinyl Cover Included

Cover protects clean dishes and includes a 7,6 x 12,7 cm inventory/event identification label pocket.

Patented CamLever Tower

Lift lever from top to easily reposition tower, and then simply lock it in place.

Gain 30% more floor space ADCSC vs. ADCS

Model: ADCSC with 4 towers

Stacks of Dishes: 4
Holds up to 280 dishes

Mobile Handwashing Station

- Portable & easy to operate for handwashing anywhere.
- 77 Liter freshwater capacity.
- No electricity required.

Approx.
200
handwashings
per tank

40 cm tall x 50 cm wide

Foot pump and automatic soap dispensers promote sanitary, hands-free operation.

Mobile Handwashing Station

Features & Benefits

- Self-contained unit stores freshwater and collects wastewater and needs no electricity or plumbing to operate.
- Freshwater tank holds 68,1 liters.
- Wastewater (gray water) tank holds 77,6 liters.
- Sink / wastewater tank is removable.
- Unit weight (empty) is 24,3 kg.
- Unit weight (full) is 101,9 kg.
- Casters: two each 7,6 cm diameter with precision bearings.
- Sink height from the ground is 86,3 cm (ADA compliant).
- Fill the freshwater tank by removing the port hole on the back of the unit, using a standard garden hose and filling up to the Max Fill line.
- The freshwater tank can be drained using the drain plug on the lower left side.
- Drain the wastewater tank using the valve drain on the lower right side. You can attach a hose for hard to reach drains.
- Includes two automatic, touchless soap dispensers that require 4 AA batteries each to operate.
 - Each soap dispenser holds 700 ml of liquid hand soap. Do not use foaming soap or hand sanitizer in the soap dispensers.
- Paper towel dispenser holds standard multifold paper towels.
- Unit comes fully assembled.
- Personalization available to add custom graphics to the curved, lower front surface area.
- Available in 1 color: Charcoal Gray (615).
- Patent has been applied for.

Features & Benefits

- Durable carts designed to specifically meet the meal delivery needs of hospitals (acute care), long term care and correctional facilities.
- Designed to work with unitized pellet system, heat on demand base system or insulated trays.
- Single stack rail system handles one (1) tray per rail, ten (10) trays per compartment with two (2) compartments and with a 12,7 cm clearance between rails.
- Serving capacity per cart: MDC1520T20 - 20 each 38 x 51 cm trays.
- Serving capacity per cart: MDC1520T16 - 16 each 38 x 51 cm trays.
- Serving capacity per cart: MDC1520S20 - 20 each 38 x 51 cm trays.
- Menu holder keeps service instructions highly visible and easy to access.
- Durable, one-piece, molded polyethylene construction ensures long term durability and reliability. Molded bottom bumpers protect walls and furniture.
- Thick foamed-in place polyurethane insulation provides added structural strength and reduces noise while transporting.
- Model has built-in venting channel in each compartment for increased air circulation which optimizes food quality.
- MDC1520T20 and MDC1520T16: Optional end table offers an ergonomic work surface and keeps trays during service preparation. Designed for use during staging service.
- MDC1520S20 : ABS doors are lightweight, durable and open a full 270°. These doors are self venting to assist with air circulation.
- MDC1520S20: Single stack rail system handles two (2) tray per rail, ten (10) trays per compartment with two (2) compartments and with a 12,7 cm clearance between rails.
- Pressure molded non-insulated ABS doors are lightweight, durable and open a full 270°. These doors are self venting to assist with air circulation.
- Large stainless steel paddle latch is easy to open, rust free and can be removed and easily cleaned.
- Self-draining shelf and bottom in compartments facilitates easy cleaning.
- Four each 15,24 cm non-marking nylon casters, two (2) swivel with brake and two (2) fixed, enhance maneuverability and increase safety; optional high-density two (2) swivel or (4) four swivel.
- Non electrical.
- No assembly required.
- Available in two (2) colors.
